Whereas, The citizens of Denton County and Pilot Point are desirous of paving the streets around said public square; and

Whereas, The State Highway Department has paving equipment now located in Denton County; and

Whereas, The City of Pilot Point and the County of Denton do not have the equipment with which to do said work themselves; and

Whereas, The law does not permit the State Highway Department to loan its equipment to any citizen or group of citizens for the purpose of doing pavement work; and

Whereas, It is believed to be advantageous to the people of Denton County, and to the State at large, that the streets around said square be paved; now, therefore, be it

ate concurring, That the State Highway Department, be and it is hereby, authorized to loan to the City of Pilot Point and the County of Denton its paving equipment now located in the County of Denton with which to pave the streets around the public square in the City of Pilot Point, on the condition that the City of Pilot Point and the County of Denton pay all expenses and charges incurred and incident to the paving of the streets around the public square aforesaid, and that the State Highway Department in no event is to be liable for any expenses or charges incurred in so paving said streets, and the State Highway Department in no event is to be liable for any damages that may be suffered by anyone in the performance of said paving work, and that the City of Pilot Point and the County of Denton shall return to the State Highway Department said paving equipment, immediately upon the completion of said work, in as good condition as when the said equipment was loaned to the said City of Pilot Point and County of Denton.

HYDER,
SMITH.

REASON FOR VOTE

The reason I am voting not to table the above motion, is that I do not believe at this stage of the session it is the proper time to bring reports up for discussion, as it will smother the important measures, such as old age pension and others, submitted in the call which was not the purpose of the work delegated to the committees.

YOUNGBLOOD.

Mr. Head offered the following amendment to the resolution:

Amend the resolution by limiting the amount of money used for expenses to \$25,000.

Amend the resolution to limit the amount to be expended under the resolution to \$10,000.00.

Question first recurring on the amendment by Mr. Alsup, it was adopted.

Mr. Fain offered the following substitute for the amendment as substituted:

Substitute for the amendment to the resolution by striking out the figures "\$10,000.00" and insert in lieu thereof "\$5,000.00."

On motion of Mr. Petsch, the substitute amendment by Mr. Fain was tabled.

Mr. Wells moved the previous question on the pending amendment, amendments on the Speaker's desk and the resolution, and the main question was ordered.

Mr. Bradbury offered the following substitute for the amendment as substituted:

Amend the resolution by limiting the expenditures to \$7,500.

The substitute amendment by Mr. Bradbury was lost.

Question recurring on the amendment by Mr. Head, as substituted, yeas and nays were demanded.

Mr. Broyles offered the following resolution:

Whereas, The Hon. Morgan G. Sanders, Congressman from the Third Congressional District of Texas, is now in Austin; now, therefore, be it

Resolved, That the Hon. Mr. Sanders be invited to address the Members of the House at 11:45 a. m., today, October 9, 1935.

BROYLES,
LATHAM,
COOPER,
CRADDOCK,
LEATH,
GIBSON,
ALSUP,
DUNAGAN.

The resolution was read second time, and was adopted.

SENATE BILLS ON FIRST
READING

The following Senate Bills, received from the Senate today, were laid before the House, read severally first time, and referred to the appropriate committees, as follows:

Senate Bill No. 50 to the Committee on Judiciary.

Senate Bill No. 41 to the Committee on Highways and Motor Traffic.

RECESS

On motion of Mr. Colquitt, the House at 12:05 o'clock p. m., took recess to 2:00 o'clock p. m., today.

AFTERNOON SESSION

The House met at 2:00 o'clock p. m., and was called to order by the Speaker.

MESSAGE FROM THE GOVERNOR

The Speaker laid before the House, and had read the following message from the Governor:

Austin, Texas, October 9, 1935.

To the Members of the Forty-fourth Legislature,

(In First Called Session):

As stated to you in my message of yesterday, I have been holding up a number of local and non-controversial bills of such importance to particular localities and the State in general that I deem it advisable to submit them to you in this message inasmuch as most of them are non-controversial. The Speaker and Lieutenant Governor have told me they feel sure you would be glad to set aside two night sessions for these matters.

In submitting these matters I desire to confine the subjects strictly to that specified in this message.

1

A bill, by Graves and others, to authorize the directors of the Colorado Valley Authority to draw compensation for each day actually consumed in the discharge of their official duties.

At present the law only provides compensation for days when they are in attendance upon board meetings. I am advised that most of the directors have had to spend a great part of their valuable time for which they can draw no compensation whatever. I have suggested to the authors of this bill that a maximum number of days for which they might draw compensation be inserted in the bill.

2

A bill to permit the Houston Independent School District to hold a new election in order to qualify for Federal funds.

I am advised that this bill will apply only to the City of Houston and that if they are to receive certain Federal funds to assist them in a building program, a new election must be held. Under the present law it cannot be held for some six months.

3

A bill by Senator Cotten to correct S. B. 525, enacted during the regular session, reorganizing and providing for the terms of court for the 87th district so as to authorize the transfer of cases from one court to another.

This was omitted from the original bill.

4

A bill, by Frazer of Robertson County, to validate certain county warrants for that county.

5

A bill, by Olsen, to authorize the Yoakum Independent School District to qualify for certain PWA funds.

6

A bill, by Hofheinz and others of Harris, to authorize the City of Houston to issue revenue bonds for a proposed convention and exposition hall, which bonds are to be used as security for a Federal loan.

7

A bill to authorize the State Highway Department to use funds allocated by the Federal Government for improvement of lateral roads, such work to be under the direction of the State Highway Department.

This is a bill to authorize funds appropriated by the Federal Government under the NIRA and subsequent acts, including the emergency relief appropriation act of Congress of April 8, 1935, specifically for expenditure on roads which are not a part of the State Highway System may be expended on such roads by and under the supervision of the State Highway Department.

At present, the State Highway Commission is authorized to accept Federal funds but is not permitted to expend such funds on roads not a part of the State Highway System. The Federal Government has allocated certain funds for the improvement of lateral roads not on the system of the State Highways. It is desirable, in my judgment, that the Highway Department should supervise this work

and the construction of these lateral roads should be under the direction of the State Highway Department.

It is my understanding that approximately four million dollars of Federal funds are now available for this purpose, but the Highway Department is not authorized to carry on this work on other than State designated highways. It is essential, in my judgment, that this bill should be passed at your earliest convenience so as to begin the improvement of lateral or farm-to-market roads.

8

A bill by Settle, of Lubbock, to authorize the Ralls Independent School District to receive rural aid.

It is my understanding that this school was eligible for and received this aid until the passage of H. B. 327 during the regular session, when this district was inadvertently omitted. The late Senator Duggan was very anxious to have this matter corrected and, I am informed, intended to request me to submit it at a called session.

9

A bill to correct the appropriation made for the State Prison System.

In one particular, for instance, the Legislature provided for a flat salary of \$80.00 per month for guards, yet did not make sufficient appropriation to pay the salaries of these guards. In another instance, the salary of the manager of the Central Prison Farm was entirely omitted.

10

A bill to correct appropriations made during the regular session for the Livestock Sanitary Commission.

This appropriation was drastically reduced in the free conference committee. The present commission has been performing its work nobly and has secured a tremendous sum of money for aid from the Federal Government. In the preceding two years, however, many herds became infected, and it is highly necessary that these appropriations be straightened out.

11

A bill to appropriate moneys to take care of the deficiency certificates issued to West Texas State Teachers College at Canyon.

12

A bill, by Tarwater of Hale, to create a special road district for Lamb County, Texas.

13

A bill to authorize a public works eminent domain law to authorize the State and counties, cities, towns, municipal corporations, authorities, commissions, boards, districts, subdivisions, agencies and instrumentalities, and departments, boards and the Governor of the State to acquire property by the exercise of the power of eminent domain for public works projects, financed in whole or in part by such public bodies or by the United States of America; authorizing the exercise of such power of eminent domain and the conveyance of property acquired thereby for the purpose of aiding public works projects being undertaken by the United States of America; providing for the exercise of such power of eminent domain and for the taking of property for all such purposes and for the procedure thereof; providing for the payment and recovery of awards made for property.

14

A bill amending Article 5242, R. C. S., 1925, enlarging the authorized uses to which the United States Government may put lands in this state so as to include slum clearance, housing projects, etc.

15

A bill, by Dunlap of Hays and others, to create the Guadalupe Conservation District.

16

A bill, by Moffett and Walker in the House and Oneal in the Senate, to create the Pease River Flood Control District.

With reference to the last two bills numbered, 15 and 16, above: the authors and sponsors have assured me they will not ask for any tax omissions since this would be highly controversial. They have further assured me they will not accept amendments calling for tax omissions. They simply want these districts created so as to have an adequate agency through which they may deal with the Federal Government.

17

A bill to appropriate \$50,000.00 for the State Parks Board for the purchase of materials to be used in state parks.

The Federal Government has allocated over two million dollars to be expended through the State Director of the National Youth Movement in

Texas. This labor will be used entirely in the State Park System of Texas, the only requirement from the state being that we furnish not exceeding \$50,000.00 for the purchase of material for improvement in these parks.

The expenditure of these Federal funds will result in permanent improvement of our parks, our highways, and our schools.

The proposal which I submit for your consideration is outlined in the following letter of Lyndon B. Johnson, State Director of the National Youth Administration:

September 27, 1935.

"Hon. James V. Allred
Governor of Texas
Austin, Texas

Dear Governor Allred:

"The National Youth Administration is prepared to offer the State of Texas certain opportunities to participate in the program of the Federal Government for young men and women between the ages of sixteen and twenty-five.

"The first purpose of this program is to convert these young men and women from non-productive to productive citizens, to remove them from the excessive burden already imposed upon the taxpayers.

"Its second purpose is to provide urgently needed construction work in the state parks of Texas, on our state highways, and in our public schools where local budgetary limitations have precluded the provision of highly essential equipment.

"In Texas there are approximately 125,000 young men and young women from sixteen to twenty-five years old, unemployed, and without means of support of any kind.

"The National Youth Administration of Texas, on its own initiative and without the assistance of any state, county, or city government, has already provided approximately 5,000 part-time jobs for young men and young women desiring to pursue their college education. They are now attending eighty-three (83) colleges scattered over the entire state.

"Not one of these 15,000 youths would darken the door of any school in the State of Texas except for this aid which is provided by the National Youth Administration. There are thousands of high school boys and girls in Texas who, except for the provisions of these part-time jobs,

would not see one single day in school this winter. There is not one of the 15,000 aided who will not be expected to work for the aid given him, and all will work at worth while jobs. They will do work which otherwise would go undone; and it has been arranged so that not one will replace any productive employee or potential employee. The work will be done in the colleges and the high schools of Texas at a cost of \$128,080.00 per month, and many years from now the work resulting from the efforts of these students will still be in evidence.

"The National Youth Administration has also approved six projects to employ young men and young women, and all have been given the approval of the State Office of the Works Progress Administration in San Antonio. These projects call for the direct employment of 41,038 youths for approximately nine months, at a cost to the Federal Government of \$2,501,760.00.

"In order that these thousands of young people may be placed in practical and remunerative work to provide substantial improvements urgently needed, it will be necessary for the State at this Session of the Legislature to provide a fund of not less than \$50,000.00. Virtually every cent of this fund will go for actual materials. The Federal Government will provide the labor, and this fund will provide the materials to make that labor possible.

"I respectfully suggest that you submit to the First Special Session of the Forty-fourth Legislature the question of providing such appropriations as shall be necessary to obtain a release for Texas of funds the Federal Government is making available for the Texas park system.

"At the same time you will be giving the members of the Legislature the opportunity to make such provisions as they may deem necessary so that Texas may avail itself of the opportunity to obtain its proportionate share of all Federal funds now earmarked for it in the nation's construction program for permanent rehabilitation.

"Sincerely yours,
 "LYNDON B. JOHNSON,
 "NYA Director for Texas."

The subjects submitted are strictly confined to the matter set out in the bills enumerated above.

Respectfully submitted,
 JAMES V. ALLRED,
 Governor of Texas.

H. C. R. No. 15, To suspend certain joint rules to consider House Bills Nos. 100 and 121, be it

Resolved by the House of Representatives, the Senate concurring, That Sections 22 and 23 of the joint rules and sub-section 5 of Section 11 of the Senate Rules and Section 6 of Rule 19 of the House Rules, all be suspended for the purpose of taking up and considering until finally disposed of House Bills Nos. 121 and 100.

The resolution was read second time, and was adopted.

SENATE BILL NO. 19 ON SECOND READING

(By unanimous consent.)

The Speaker laid before the House, on its second reading and passage to third reading,

S. B. No. 19, A bill to be entitled "An Act making appropriation of funds out of the State Treasury, not otherwise appropriated, for the purpose of paying certain Deficiency Certificates for fees and costs of sheriffs, county attorneys and clerks, and declaring an emergency."

The bill was read second time.

Mr. Good offered the following amendment to the bill:

Amend Senate Bill No. 19 by striking out all below the enacting clause and substitute in lieu thereof the following:

"Section 1. That there is hereby appropriated Two Hundred Thousand (\$200,000.00) Dollars out of any money in the State Treasury, not otherwise appropriated, to supplement appropriations made by the Regular Session of the Forty-third Legislature:

"For fees and costs of sheriffs, attorneys and clerks in felony cases and for fees accruing to fee officers in examining trials and for expenses of attached witnesses and witness fees allowed in felony cases for the fiscal year ending August 31st, 1935, and to pay deficiency certificates already issued against such appropriations and for claims which may accrue against such appropriations in the future."

"Sec. 2. The fact that the appropriations made by the Regular Session of the Forty-third Legislature for the fiscal year ending August 31st, 1935, for the payment of fees and costs of sheriffs, attorneys and clerks in felony cases, and fees accruing to fee officers in examining trials and expenses of attached witnesses and witness fees allowed in felony cases have become exhausted, and the further fact that by recent constitutional amendment the fee system of compensating district and county officers was abolished, and that unless this appropriation is made officers holding deficiency certificates against the appropriation herein provided for will be delayed approximately two years in securing the funds justly due them, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each House be, and the same is hereby suspended, and this Act shall take effect and be in full force from and after its passage, and it is so enacted."

Mr. Good offered the following committee amendments to the amendment:

Amend amendment to Senate Bill No. 19, page one, at the end of Section 1, after the word "future," by adding, "and for deficiencies in the appropriation made to the Court of Civil Appeals of the Fourth Supreme Judicial District of Texas, at San Antonio."

Amend amendment to Senate Bill No. 19, page one in Section 2 thereof, by adding after the word "exhausted": "and the further fact that the appropriation made for the Court of

Civil Appeals of the Fourth Supreme Judicial District of Texas, at San Antonio, has been exhausted."

The amendments were severally adopted.

Mr. Shofner offered the following amendment to the amendment by Mr. Good:

Amend amendment to Senate Bill No. 19 by adding a new section to be numbered Section 1-A, to read as follows:

"To pay deficiency certificates issued to Board of Water Engineers by the Governor, Five Thousand Dollars (\$5,000.00)."

The amendment was adopted.

The amendment as amended was then adopted.

By unanimous consent of the House the caption of the bill was ordered amended to conform to all changes and with the body of the bill.

Senate Bill No. 19 was then passed to third reading.

REASONS FOR VOTE

I vote "nay" on Senate Bill 16, among other reasons, because Mr. Morse moved the previous question and prevented me from offering the following amendment putting bootleggers out of business, to-wit:

Amend Senate Bill 16 by adding after Section 2, a new section to be numbered Section 2a, 2b, and 2c, 2d and 2e:

"Section 2a. It is hereby declared to be and is unlawful for any liquor dealer, distiller, brewer, or wine dealer or wine maker to sell any spirituous, vinous or malt liquor capable of producing intoxication, to any person, firm or corporation for sale unless such person, firm or corporation receiving such liquor has a license from the State of Texas to sell same.

"Section 2b. Every liquor dealer, distiller, brewer or wine maker who shall sell or distribute for sale in this State, spirituous, vinous or malt liquor capable of producing intoxication in bottles, jugs or other containers, shall have attached to each such bottle, jug or container a seal on which shall be printed the name and place of business of such distiller, brewer or maker of such liquor. There shall also be affixed on such seal a non-removal and non-counterfeitable serial number of the bottle, jug or container of such liquor so sold or distributed in this State.

"Section 2c. Such liquor dealer, distiller, brewer or maker of such liquor shall keep a full and complete and accurate record of each sale of such liquor made by him, which, among other things, shall show: To whom and when sold and place of residence of purchaser; amount of sale and the serial numbers of bottles, containers and jugs containing such liquor. Such records shall be kept in a well bound book, which shall be at all times open to the inspection of all officers of the law. It shall be unlawful for any person, firm or corporation whether licensed or unlicensed to sell at retail

for use or distribution in this State any such spirituous, vinous or malt liquor except in bottles, jugs or other containers, which bottles, jugs or other containers shall have affixed thereto or thereon such seal and serial number of the wholesaler, distiller, brewer or wine maker as is herein provided. Provided the provisions hereof shall not apply to beer or wine or other intoxicating liquor of less than 24% alcoholic content by weight.

"Section 2d. The possession, transportation or sale of any such liquor in this State by any unlicensed person, firm or corporation shall prima facie constitute a conspiracy to commit a felony in this State between such unlicensed person, firm or corporation and the distiller, brewer, wine maker or other person, firm or corporation that shall distill, brew, make, sell or distribute such liquor before coming into the possession of such unlicensed person, firm or corporation. It shall constitute a defense for the distiller, brewer, wine maker or other handler or seller of such liquor to show, by reason of such seal and serial numbers, that he came into and parted with the possession of such liquor legally. Any one participating in such conspiracy or combine shall be punished as provided in Chapter 1, Title 19, of the 1925 Revised Criminal Statutes of Texas.

"Section 2e. Any person violating any provisions of this Section shall be deemed guilty of a felony and upon conviction thereof shall be confined in the State penitentiary for not less than two and not more than five years."

POPE.

We voted against passing Senate Bill No. 16 to third reading, against suspending the Constitutional Rule thereon, and against the final passage thereof, for the same reasons assigned by us for our votes against House Bill No. 1, as substituted by the Bradbury Amendment, which reasons appear on page 245 of the House Journal for the fifteenth legislative day of the First Called Session of the Forty-fourth Texas Legislature, the same being Tuesday, October 8th, 1935.

HANKAMER,
KNETSCH.

The Committee consisting of the following members of the House: E. E. Hunter, Leonard Westfall, Pat Dwyer, C. C. Canon and R. H. Good. The Committee met in Austin, Texas, on Tuesday, June 4th, 1935, and proceeded to organize by electing E. E. Hunter as Chairman, Leonard Westfall as Vice-Chairman, and R. H. Good as Secretary.

This Committee pursuant to authority granted by the above mentioned Resolution proceeded to consider the evidence taken by a Committee appointed by the Speaker of this House

to investigate various State Departments and bureaus, (a majority of which Committee, after hearing many witnesses, reported to this House that in their opinion there was not sufficient evidence to impeach or in any other manner remove J. E. McDonald, Commissioner of Agriculture, from office.)

This Committee then proceeded, on several occasions, to hear other witnesses and review other evidence on matters pertaining to the charges set out in the Resolution appointing this Committee. The witnesses interrogated and the investigation made by us failed to develop any new facts, circumstances or matters in any wise incriminating or showing any misfeasance, malfeasance or official dereliction on the part of the Commissioner of Agriculture in administering said Department.

We, therefore, beg to report that it is the opinion of this Committee that since no new facts have been found, and further, that since this House has heretofore received the report of the Committee referred to above, that there is not sufficient evidence to warrant the filing of articles of impeachment and that this Committee recommends that the House take no further action in this matter.

Respectfully submitted,

LEONARD WESTFALL,
PAT DWYER,
R. H. GOOD.

MOTION TO PRINT CERTAIN TESTIMONY

Mr. McKee moved that the transcripts of the committee heretofore appointed to investigate the oil industry of the State, be printed in mimeograph form and placed on the desks of the members.

The motion prevailed.

The motion to reconsider prevailed.

Question—Shall the motion by Mr. McKee prevail.

Mr. McKee withdrew the pending motion, and moved that the testimony and the evidence, taken in regard to the Kilgore and Houston hearings, be printed in mimeograph form and placed on the desks of the members.

On motion of Mr. Calvert, the motion by Mr. McKee was tabled.
